16 USC 410qq.

SECTION 1. FINDINGS AND PURPOSES.

(a) FINDINGS.—The Congress finds that:

(1) Tropical forests are declining worldwide.

(2) Tropical forests contain 50 percent of the world's plant and animal species, contribute significantly to the advancement of science, medicine, and agriculture and produce much of the earth's oxygen. The loss of these forests leads to the extinction of species, lessening the world's biological diversity, reduces the potential for new medicines and crops and increases carbon dioxide levels in the atomosphere contributing to the greenhouse effect that is altering the global climate.

(3) The tropical forest of American Samoa is one of the last remaining undisturbed paleotropical forests.

(4) The tropical forest in American Samoa is the largest such forest under direct control of the United States.

(5) The tropical forest of American Samoa contains the habitat of one of the last remaining populations of Pacific flying foxes.

(6) The flying foxes of American Samoa are responsible for a large part of the pollination which maintains a significant portion of the species which inhabit the Samoan tropical forest.

(7) Information presently available indicates the existence of extensive archaeological evidence related to the development of the Samoan culture which needs to be examined and protected.

(8) The people of American Samoa have expressed a desire to have a portion of the tropical forest protected as a unit of the National Park System.

(b) PURPOSE.—The purpose of this Act is to preserve and protect the tropical forest and archaeological and cultural resources of American Samoa, and of associated reefs, to maintain the habitat of flying foxes, preserve the ecological balance of the Samoan tropical forest, and, consistent with the preservation of these resources, to provide for the enjoyment of the unique resources of the Samoan tropical forest by visitors from around the world.

16 USC 410qq-1.

SEC. 2. ESTABLISHMENT.

(a) IN GENERAL.—In order to carry out the purposes expressed in section 1(b), the Secretary of the Interior (hereinafter in this Act referred to as the "Secretary") shall establish the National Park of American Samoa (hereinafter in this Act referred to as the "park"). The Secretary shall establish the park only when the Governor of American Samoa has entered into a lease with the Secretary under which the Secretary will lease for a period of 50 years the lands and waters generally referred to in subsection (b) for use solely for purposes of the park. Immediately after enactment of the Act, the Secretary shall commence negotiations with the Governor of American Samoa respecting such a lease agreement. On or before the expiration of the lease agreement as set forth in this subsection, the Governor of American Samoa is encouraged to extend the lease to maintain the area as a unit of the National Park System. At such time as the lease may terminate the Government of American Samoa is urged to provide assurances to the Secretary that the lands and waters generally referred to in subsection (b) will be protected and preserved to the same standards as are applicable to national parks.

Contracts.

102 STAT. 2880

(b) AREA INCLUDED.—The park shall consist of three units as generally depicted on the following maps entitled "Boundary Map, National Park of American Samoa": (1) map number NP-AS 80,000A, dated August 1988, (2) map number NP-AS 80,000B, dated August 1988, and (3) map number NP-AS 80,000C, dated August 1988. Before publication of the maps, the Secretary, after consultation with the Governor of American Samoa and other appropriate leaders, may adjust the boundaries of the park to correspond with the appropriate village boundaries and modify the maps accordingly. The maps shall be on file and available for public inspection in the offices of the National Park Service, Department of the Interior. The Secretary may at any time make revisions of the boundary of the park in accordance with section 7(c) of the Land and Water Conservation Fund Act of 1965 (16 U.S.C. 4601-4 and following), pursuant to agreement with the Governor of American Samoa, and contingent upon the lease to the Secretary of lands within the new boundaries.

(c) MANAGEMENT BY AMERICAN SAMOA.—Notwithstanding section 3(a), after 50 years after the enactment of this Act, the Secretary shall, if requested by the Governor of American Samoa, enter into an extension of the lease referred to in subsection (a). If the Governor does not request such an extension the Secretary shall transfer to the Governor the sole authority to administer the park. Whenever the Secretary makes such a transfer he shall also transfer any improvements constructed by the Secretary in the park to the Governor without compensation.

(d) COMPENSATION UNDER LEASE AGREEMENT.—(1) Notwithstanding any other provision of law, the Secretary is authorized and directed to negotiate with the Governor of American Samoa the amount of the payments to be made by the United States under the 50-year lease referred to in subsection (a). The Secretary shall make such payments as may be mutually agreed to by the Secretary and the Governor pursuant to such negotiations.

(2) The Secretary shall place all lease payments made by the United States under the lease in an interest bearing escrow account

100th Congress

An Act

Nov. 17, 1988
[S. 795]

To provide for the settlement of water rights claims of the La Jolla, Rincon, San Pasqual, Pauma, and Pala Bands of Mission Indians in San Diego County, California, to authorize the lining of the All American Canal, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

San Luis Rey
Indian Water
Rights
Settlement Act.

TITLE I—SAN LUIS REY INDIAN WATER RIGHTS SETTLEMENT ACT

SEC. 101. SHORT TITLE.

This title may be cited as the "San Luis Rey Indian Water Rights Settlement Act".

SEC. 102. DEFINITIONS.

For purposes of this title:

(1) BANDS.—The term "Bands" means the La Jolla, Rincon, San Pasqual, Pauma, and Pala Bands of Mission Indians which are recognized by the Secretary of the Interior as the governing bodies of their respective reservations in San Diego County, California.

(2) FUND.—The term "Fund" means the San Luis Rey Tribal Development Fund established by section 105.

(3) INDIAN WATER AUTHORITY.—The term "Indian Water Authority" means the San Luis Rey River Indian Water Authority, an intertribal Indian entity established by the Bands.

(4) LOCAL ENTITIES.—The term "local entities" means the city of Escondido, California; the Escondido Mutual Water Company; and the Vista Irrigation District.

(5) SETTLEMENT AGREEMENT.—The term "settlement agreement" means the agreement to be entered into by the United States, the Bands, and the local entities which will resolve all claims, controversies, and issues involved in all the pending proceedings among the parties.

(6) SECRETARY.—The term "Secretary" means the Secretary of the Interior.

(7) SUPPLEMENTAL WATER.—The term "supplemental water" means water from a source other than the San Luis Rey River.

SEC. 103. CONGRESSIONAL FINDINGS; LOCAL CONTRIBUTIONS; PURPOSE.

(a) FINDINGS.—The Congress finds the following:

(1) The Reservations established by the United States for the La Jolla, Rincon, San Pasqual, Pauma, and Pala Bands of Mission Indians on or near the San Luis Rey River in San Diego County, California, need a reliable source of water.

(2) Diversions of water from the San Luis Rey River for the benefit of the local entities commenced in the early 1890s and 102 STAT. 4001
continue to be an important source of supply to those communities.

(3) The inadequacy of the San Luis Rey River to supply the needs of both the Bands and the local entities has given rise to litigation to determine the rights of various parties to water from the San Luis Rey River.

(4) The pendency of the litigation has—

(A) severely impaired the Bands' efforts to achieve economic development on their respective reservations,

(B) contributed to the continuation of high rates of unemployment among the members of the Bands,

(C) increased the extent to which the Bands are financially dependent on the Federal Government, and

(D) impeded the Bands and the local entities from taking effective action to develop and conserve scarce water resources and to preserve those resources for their highest and best uses.

(5) In the absence of a negotiated settlement—

(A) the litigation, which was initiated almost 20 years ago, is likely to continue for many years,

(B) the economy of the region and the development of the reservations will continue to be adversely affected by the water rights dispute, and

(C) the implementation of a plan for improved water management and conservation will continue to be delayed.

(6) An agreement in principle has been reached under which a comprehensive settlement of the litigation would be achieved, the Bands' claims would be fairly and justly resolved, the Federal Government's trust responsibility to the Bands would be fulfilled, and the local entities and the Bands would make fair and reasonable contributions.

(7) The United States should contribute to the settlement by providing funding and delivery of water from a supplemental source. Water developed through conjunctive use of groundwater on public lands in southern California or water to be reclaimed from lining the previously unlined portions of the All American Canal can provide an appropriate supplemental water source.

(b) PURPOSE.—It is the purpose of this title to provide for the settlement of the reserved water rights claims of the La Jolla, Rincon, San Pasqual, Pauma, and Pala Bands of Mission Indians in San Diego County, California, in a fair and just manner which—

(1) provides the Bands with a reliable water supply sufficient to meet their present and future needs;

(2) promotes conservation and the wise use of scarce water resources in the upper San Luis Rey River System;

(3) establishes the basis for a mutually beneficial, lasting, and cooperative partnership among the Bands and the local entities to replace the adversary relationships that have existed for several decades; and

(4) fosters the development of an independent economic base for the Bands.

SEC. 104. SETTLEMENT OF WATER RIGHTS DISPUTE.

Sections 106 and 109 of this Act shall take effect only when—

(1) the United States; the City of Escondido, California; the Escondido Mutual Water Company; the Vista Irrigation Dis- 102 STAT. 4002
trict; and the La Jolla, Rincon, San Pasqual, Pauma, and Pala Bands of Mission Indians have entered into a settlement agreement providing for the complete resolution of all claims, controversies, and issues involved in all of the pending proceedings

section shall not be borne by the United States, and no Federal appropriations are authorized for this purpose.

(e) REPORT TO CONGRESS.—Notwithstanding the provisions of section 104, within nine months following enactment of this Act, the Secretary shall report to the Committee on Interior and Insular Affairs of the House of Representatives and to the Committee on Energy and Natural Resources and the Select Committee on Indian Affairs of the Senate on (1) the Secretary's recommendations for providing a supplemental water source including a description of the works, their costs and impacts, and the method of financing; and (2) the proposed form of contract for delivery of supplemental water to the Bands and the local entities. When 60 calendar days have elapsed following submission of the Secretary's report, the Secretary shall execute the necessary contracts and carry out the recommended program unless otherwise directed by the Congress. Contracts.

SEC. 107. ESTABLISHMENT, STATUS, AND GENERAL POWERS OF SAN LUIS REY RIVER INDIAN WATER AUTHORITY.

(a) ESTABLISHMENT OF INDIAN WATER AUTHORITY APPROVED AND RECOGNIZED.—

(1) IN GENERAL.—The establishment by the Bands of the San Luis Rey River Indian Water Authority as a permanent intertribal entity pursuant to duly adopted ordinances and the power of the Indian Water Authority to act for the Bands are hereby recognized and approved.

(2) LIMITATION ON POWER TO AMEND OR MODIFY ORDINANCES.—Any proposed modification or repeal of any ordinance referred to in paragraph (1) must be approved by the Secretary, except that no such approval may be granted unless the Secretary finds that the proposed modification or repeal will not interfere with or impair the ability of the Indian Water Authority to carry out its responsibilities and obligations pursuant to this Act and the settlement agreement.

(b) STATUS AND GENERAL POWERS OF INDIAN WATER AUTHORITY.—

(1) STATUS AS INDIAN ORGANIZATION.—To the extent provided in the ordinances of the Bands which established the Indian Water Authority, such Authority shall be treated as an Indian entity under Federal law with which the United States has a trust relationship.

(2) POWER TO ENTER INTO AGREEMENTS.—The Indian Water Authority may enter into such agreements as it may deem necessary to implement the provisions of this title and the settlement agreement.

102 STAT. 4004

(3) INVESTMENT POWER.—Notwithstanding paragraph (1) or any other provision of law, the Indian Water Authority shall have complete discretion to invest and manage its own funds: *Provided*, That the United States shall not bear any obligation or liability regarding the investment, management or use of such funds.

(4) LIMITATION ON SPENDING AUTHORITY.—All funds of the Indian Water Authority which are not required for administrative or operational expenses of the Authority or to fulfill obligations of the Authority under this title, the settlement agreement, or any other agreement entered into by the Indian Water Authority shall be invested or used for economic development of the Bands, the Bands' reservation lands, and their members. Such funds may not be used for per capita payments to members of any Band.

(c) INDIAN WATER AUTHORITY TREATED AS TRIBAL GOVERNMENT FOR CERTAIN PURPOSES.—The Indian Water Authority shall be considered to be an Indian tribal government for purposes of section 7871(a)(4) of the Internal Revenue Code of 1986.

SEC. 108. DELEGATION OF AUTHORITY.

The Secretary and the Attorney General of the United States, acting on behalf of the United States, and the Bands, acting through Contracts.

(a) POWER FACILITIES.—Any license issued under the Act of June 10, 1920 (16 U.S.C. 791a et seq., commonly referred to as Part I of the Federal Power Act) for any part of the system that diverts the waters of the San Luis Rey River originating above the intake to the Escondido Canal—

(1) shall be subject to all of the terms, conditions, and provisions of the settlement agreement and this title; and

(2) shall not in any way interfere with, impair or affect the ability of the Bands, the local entities and the United States to implement, perform, and comply fully with all of the terms, conditions, and provisions of the settlement agreement.

(b) INDIAN AND GOVERNMENT LANDS.—Notwithstanding any provision of Part I of the Federal Power Act to the contrary, the Secretary is exclusively authorized, subject to subsection (c), to lease, grant rights-of-way across, or transfer title to, any Indian tribal or allotted land, or any other land subject to the authority of the Secretary, which is used, or may be useful, in connection with the operation, maintenance, repair, or replacement of the system to divert, convey, and store the waters of the San Luis Rey River originating above the intake to the Escondido Canal or the supplemental water supplied by the Secretary under this Act.

(c) APPROVAL BY INDIAN BANDS; COMPENSATION TO INDIAN OWNERS.—Any disposition of Indian tribal or allotted land by the Secretary under the subsection (b) shall be subject to the approval of the governing Indian Band. To the extent any provision of this title provides new spending authority described in section 401(c)(2)(A) of the Congressional Budget Act of 1974, such authority shall be effective for any fiscal year only to such extent or in such amounts as are provided in advance in appropriation Acts.

TITLE II—ALL AMERICAN CANAL LINING

SEC. 201. CONGRESSIONAL FINDINGS.

Congress hereby finds and declares that:

(1) The Boulder Canyon Project Act ("Project Act") was enacted to conserve the waters of the lower Colorado River for a number of public purposes, including the storage and delivery of water for reclamation of public lands and other uses exclusively within the United States.

(2) The Secretary of the Interior ("Secretary") was authorized by the Project Act to construct what is now Hoover Dam, Lake

Mead, and the All American Canal and "to contract for the storage of water in said reservoir and for the delivery thereof at such points on the river and on said canal as may be agreed upon . . .".

(3) The Project Act provides that "no person shall have or be entitled to have the use for any purpose of the water stored as aforesaid except by contract" and in California the Secretary has entered into water delivery contracts with public agencies.

(4) The Secretary's water delivery contracts incorporate the Seven Party Agreement of August 18, 1931, under which water that is not applied to beneficial use by a California Contractor is available for use by the California Contractor with the next priority.

(5) The available supply of Colorado River water in California is insufficient to meet the priorities set forth in the Seven Party Agreement.

(6) The Secretary's water delivery contracts with the California Contractors provide that the total beneficial consumptive use under the first three priorities established in the contracts shall not exceed 3.85 million acre-feet of water per year.

(7) The rights of all California Contractors are defined by the Project Act, their contracts, and decisions and decrees of the United States Supreme Court.

(8) The Secretary has promulgated regulations pursuant to his authority under the Project Act establishing procedures to assure that deliveries of Colorado River water to each user will not exceed those reasonably required for its beneficial use.

(9) The Secretary has constructed the All American Canal and delivers water to the Imperial Irrigation District and Coachella Valley Water District under water delivery contracts by which those districts are entitled to receive deliveries of water in amounts reasonably required for potable and irrigation purposes.

(10) Studies conducted by the Secretary show that significant quantities of water currently delivered into the All American Canal and its Coachella Branch are lost by seepage from the canals and that such losses could be reduced or eliminated by lining these canals.

SEC. 202. DEFINITIONS.

As used in this title, the term—

(1) "All American Canal Service Area" shall mean the Imperial Service Area and the Coachella Service Area as defined in the Imperial Irrigation District and Coachella Valley Water District water delivery contracts with the Secretary dated December 1, 1932, and October 14, 1934, respectively.

(2) "California Contractors" shall mean the Palo Verde Irrigation District; Imperial Irrigation District; Coachella Valley Water District; and, The Metropolitan Water District of Southern California.

(3) "Participating Contractor" shall mean a California Contractor who elects to participate in, and fund, all or a portion of the works described in section 203 of this title.

(4) "Project Act" shall mean the Boulder Canyon Project Act (45 Stat. 1057; 43 U.S.C. 617-617t).

(5) "Secretary" shall mean the Secretary of the Interior.

(6) "Seven Party Agreement" shall mean that agreement dated August 18, 1931, providing the schedule of priorities for use of the waters of the Colorado River within California as published in section 6 of the General Regulations of the Secretary of the Interior dated September 28, 1931, and incorporated in the Secretary's water delivery contracts with the California Contractors.

(7) "Works" shall mean the facilities and measures specified in section 203(a) of this title.

SEC. 203. AUTHORIZATION OF PROJECT.

(a) CANAL LINING AUTHORIZED.—The Secretary, in order to reduce the seepage of water, is authorized to—

Public health and safety.

(2) the need for the proposed repair, renovation, or, in exceptional cases, replacement based on an analysis of the age and condition of existing research facilities and equipment;

(3) the congruence of the institution's research and training activities with the future research needs of the Nation and the research mission of the Foundation;

(4) the contribution that the project will make toward meeting national, regional, and institutional research and related training needs;

(5) in the case of an institution that historically has received relatively little Federal research and development funding, the contribution the proposed project will make to improving the institution's academic scientific and engineering infrastructure and broadening the Nation's science and engineering base; and

(2) many national research and related education programs conducted by universities and colleges are now hindered by obsolete research buildings and equipment, and many institutions lack sufficient resources to repair, renovate, or replace their laboratories;

(3) the Nation's capacity to conduct high quality research and education programs and to maintain its competitive position at the forefront of modern science, engineering, and technology is threatened by this research capital deficit, which poses serious and adverse consequences to our future national security, health, welfare, and ability to compete in the international marketplace;

(4) a national effort to spur reinvestment in research facilities is needed, and national, State, and local policies and cooperative programs are required that will yield maximum return on the investment of scarce national resources and sustain a commitment to excellence in research and education; and

(5) the Foundation, as part of its responsibility for maintaining the vitality of the Nation's academic research, and in partnership with the States, industry, and universities and colleges, must assist in enhancing the historic linkages between Federal investment in academic research and training and investment in the research capital base by reinvesting in the capital facilities which modern research and education programs require.

(b) It is the purpose of this title to assist in modernizing and revitalizing the Nation's research facilities at institutions of higher education, independent non-profit research institutions and research museums, and consortia thereof, through capital investment.

ESTABLISHMENT OF PROGRAM

42 USC 1862b.

SEC. 203. (a)(1) To carry out this title, the Director shall establish and carry out a new Academic Research Facilities Modernization Program (hereafter in this title referred to as the "Program"), under which awards are made to institutions of higher education, independent nonprofit research institutions, and research museums, and consortia thereof, for the repair, renovation, or, in exceptional cases, replacement of obsolete science and engineering facilities primarily devoted to research.

(2) Such awards shall, consistent with the functions of the Foundation set forth in section 3 of the National Science Foundation Act of 1950 (42 U.S.C. 1862) and through established Foundation selection procedures, serve to—

(A) promote the modernization of graduate academic science and engineering research laboratories and related facilities so as to facilitate and support research in the scientific and engineering disciplines;

(B) assist those academic institutions that historically have received relatively little Federal research and development funds to improve their academic science and engineering infrastructures and broaden and strengthen the Nation's science and engineering base; and

"(iii) procurement under a local contract is demonstrably more cost-effective for the item.

"(2) In the case of the need for an emergency procurement of a health-care item, such item may be procured under a local contract, but no greater quantity of such item may be procured by a local contract than is reasonably necessary to meet the emergency need and the reasonably foreseeable need for the item at the medical center concerned until resupply can be achieved through procurement actions other than emergency procurement.

"(3)(A) Except as provided in subparagraphs (C) and (D) of this paragraph, not more than 20 percent of the total of all health-care items procured by the Veterans' Administration in any fiscal year (measured as a percent of the total cost of all such health-care items procured by the Veterans' Administration in that fiscal year) may be procured under local contracts.

The authority to increase such percentage may not be delegated.

"(D) Items procured through an emergency procurement shall not be counted for the purpose of this paragraph.

"(c) A provision of law that is inconsistent with subsection (a) or (b) of this section shall not apply, to the extent of the inconsistency, to the procurement of a health-care item for use by the Veterans' Administration.

"(d)(1) Not later than December 1 of each year, the director of each Veterans' Administration medical center shall transmit to the Administrator a report containing a list indicating the quantity of each health-care item procured at that medical center under a local contract during the preceding fiscal year and the total amount paid for such item during such fiscal year. "(1) Appropriations are available for obligations that are necessary for total payments that would be required during the fiscal year in which the contract is entered into, plus the estimated amount of any cancellation charge payable under the contract.

"(2) The contract is in the best interest of the United States by reason of the effect that use of a multiyear, rather than one-year, contract would have in—

"(A) reducing costs;

"(B) achieving economies in contract administration or in any other Veterans' Administration activities;

"(C) increasing quality of performance by or service from the contractors; or

"(D) encouraging effective competition.

"(3) During the proposed contract period—

"(A) there will be a continuing or recurring need for the supplies or services being procured;

"(B) there is not a substantial likelihood of substantial changes in the need for such supplies or services in terms of the total quantity of such supplies or services or of the rate of delivery of such supplies or services; and

"(C) the specifications for the supplies or services are expected to be reasonably stable.

"(4) The risks relating to the prospective contractor's ability to perform in accordance with the specifications and other terms of the contract are not excessive.

"(5) The use of a multiyear contract will not inhibit small business concerns in competing for the contract.

"(6) In the case of the procurement of a pharmaceutical item for which a patent has expired less than four years before the date on which the solicitation of offers is issued, there is no substantial likelihood that increased competition among potential contractors would occur during the term of the contract as the result of the availability of generic equivalents increasing during the term of the contract.

102 STAT. 546

"(b)(1) A multiyear contract authorized by this section shall contain—

"(A) a provision that the obligation of the United States under the contract during any fiscal year which is included in the contract period and is subsequent to the fiscal year during which the contract is entered into is contingent on the availability of sufficient appropriations (as determined by the Administrator pursuant to paragraph (2)(A) of this subsection) if, at the time the contract is entered into, appropriations are not available to cover the total estimated payments that will be required during the full term of the contract; and

"(B) notwithstanding section 1502(a) of title 31, a provision for the payment of reasonable cancellation charges to compensate the contractor for nonrecurring, unrecovered costs, if any, if the performance is cancelled pursuant to the provision required by subparagraph (A) of this paragraph.

"(2)(A) If, during a fiscal year after the fiscal year during which a multiyear contract is entered into under this section, the Administrator determines that, in light of other funding needs involved in the operation of Veterans' Administration health-care programs, the amount of funds appropriated for such subsequent fiscal year is not sufficient for such contract, the Administrator shall cancel such contract pursuant to the provisions required by paragraph (1)(A) of this subsection.

"(B) Cancellation charges under a multiyear contract shall be paid from the appropriated funds which were originally available for performance of the contract or the payment of cancellation costs unless such funds are not available in an amount sufficient to pay the entire amount of the cancellation charges payable under the contract. In a case in which such funds are not available in such amount, funds available for the procurement of supplies and serv-

ices for use for the same purposes as the supplies or services procured through such contract shall be used to the extent necessary to pay such cost.

"(c) Nothing in this section shall be construed so as to restrict the Administrator's exercise of the right to terminate for convenience a contract under any other provision of law which authorizes multiyear contracting.

"(d) The Administrator shall prescribe regulations for the implementation of this section. Regulations.

"(e) For the purposes of this section:

"(1) The term 'appropriations' has the meaning given that term in section 1511 of title 31.

"(2) The term 'cancel' or 'cancellation' refers to the termination of a contract by the Administrator as required under paragraph (2)(B)(i) of this subsection.

"(3) The term 'multiyear contract' means a contract which by its terms is to remain in effect for a period which extends beyond the end of the fiscal year during which the contract is entered into but not beyond the end of the fourth fiscal year following such fiscal year. Such term does not include a contract for construction or for a lease of real property.

"(4) The term 'nonrecurring, unrecovered costs' means those costs reasonably incurred by the contractor in performing a multiyear contract which (as determined under regulations prescribed under subsection (d) of this section) are generally incurred on a one-time basis."

If such a notice is filed within such time, such a decision shall become final—

"(1) upon the expiration of the time allowed for filing a petition for certiorari with the Supreme Court of the United States, if the decision of the Court of Veterans Appeals is affirmed or the appeal is dismissed by the United States Court of Appeals for the Federal Circuit and no petition for certiorari is duly filed;

"(2) upon the denial of a petition for certiorari, if the decision of the Court of Veterans Appeals is affirmed or the appeal is dismissed by the United States Court of Appeals for the Federal Circuit; or

"(3) upon the expiration of 30 days from the date of issuance of the mandate of the Supreme Court, if that Court directs that the decision of the Court of Veterans Appeals be affirmed or the appeal dismissed.

"(b)(1) If the Supreme Court directs that the decision of the Court of Veterans Appeals be modified or reversed, the decision of the Court of Veterans Appeals rendered in accordance with the mandate of the Supreme Court shall become final upon the expiration of 30 days from the time it was rendered, unless within such 30 days either the Administrator or the petitioner has instituted proceedings to have such decision corrected to accord with the mandate, in which event the decision of the Court of Veterans Appeals shall become final when so corrected.

"(1) the time allowed for filing a petition for certiorari has expired and no such petition has been duly filed, or

"(2) the petition for certiorari has been denied, or

"(3) the decision of the United States Court of Appeals for the Federal Circuit has been affirmed by the Supreme Court,

Such a review shall be obtained by filing a notice of appeal with the Court of Veterans Appeals within the time and in the manner prescribed for appeal to United States courts of appeals from United States district courts.

"(b)(1) When a judge or panel of the Court of Veterans Appeals, in making an order not otherwise appealable under this section, determines that a controlling question of law is involved with respect to which there is a substantial ground for difference of opinion and that there is in fact a disagreement between the appellant and the Administrator with respect to that question of law and that the ultimate termination of the case may be materially advanced by the immediate consideration of that question, the judge or panel shall notify the chief judge of that determination. Upon receiving such a notification, the chief judge shall certify that such a question is presented, and any party to the case may then petition the Court of Appeals for the Federal Circuit to decide the question. That court may permit an interlocutory appeal to be taken on that question if such a petition is filed with it within 10 days after the certification by the chief judge of the Court of Veterans Appeals. Neither the application for, nor the granting of, an appeal under this paragraph shall stay proceedings in the Court of Veterans Appeals, unless a stay is ordered by a judge of the Court of Veterans Appeals or by the Court of Appeals for the Federal Circuit.

"(2) For purposes of subsections (d) and (e) of this section, an order described in this paragraph shall be treated as a decision of the Court of Veterans Appeals.

"(c) The United States Courts of Appeals for the Federal Circuit shall have exclusive jurisdiction to review and decide any challenge
102 STAT. 4121 to the validity of any statute or regulation or any interpretation thereof brought under this section, and to interpret constitutional and statutory provisions, to the extent presented and necessary to a decision. The judgment of such court shall be final subject to review by the Supreme Court upon certiorari, in the manner provided in section 1254 of title 28.

"(d)(1) The Court of Appeals for the Federal Circuit shall decide all relevant questions of law, including interpreting constitutional and statutory provisions. The court shall hold unlawful and set aside any statute or regulation or any interpretation thereof (other than a determination as to a factual matter) that was relied upon in the decision of the Court of Veterans Appeals that the Court of Appeals for the Federal Circuit finds to be—

"(A) arbitrary, capricious, an abuse of discretion, or otherwise not in accordance with law;

"(B) contrary to constitutional right, power, privilege, or immunity;

"(C) in excess of statutory jurisdiction, authority, or limitations, or in violation of a statutory right; or

"(D) without observance of procedure required by law.

"(2) Except to the extent that an appeal under this chapter presents a constitutional issue, the Court of Appeals may not review (A) a challenge to a factual determination, or (B) a challenge to a law or regulation as applied to the facts of a particular case.

"(e)(1) Upon such review, the Court of Appeals for the Federal Circuit shall have power to affirm or, if the decision of the Court of Veterans Appeals is not in accordance with law, to modify or reverse the decision of the Court of Veterans Appeals or to remand the matter, as appropriate.

"(2) Rules for review of decisions of the Court of Veterans Appeals shall be those prescribed by the Supreme Court under section 2072 of title 28.".

IVa. COMPARISON OF APPROPRIATIONS BY DEPARTMENTS AND ESTABLISHMENTS, FISCAL YEARS 1988 AND 1989—Continued

[1] Section 401 of the Congressional Budget and Impoundment Control Act of 1974 (Public Law 93–344) requires that all borrowing and contracting authority (so called "backdoor authority") enacted after March 3, 1975, be subject to subsequent appropriation action with certain exceptions which are listed under Sec. 401(d) of the Act (see p. 1956 in the 1974–1975 volume for text of Sec. 401(d)). This amount represents budget authority which falls within those exceptions.

[2] The President's budget requested $15,533,425,000 as authority to borrow under "Permanent Federal funds". The Congress provided a current appropriation in lieu of the permanent borrowing authority. The current request was based on the President's estimate of $9,828,286,000 (see p. I–E3, Budget Appendix for fiscal year 1989, H. Doc. 100–153).

[3] Includes $50,300,000 provided in the Military Construction Appropriations Act, 1989 (P.L. 100–447) "for construction, rebuilding and improvement of shore facilities of the United States Coast Guard", an agency of the Department of Transportation (see p. 350, volume 1).

[4] Included under "Permanent appropriations, Federal funds".

[5] Excludes $643,196,000 requested under "Permanent appropriations, Federal funds". Reestimated by the Congressional Budget Office at a level of $939,500,000, this amount was considered as current appropriations in the Foreign Operations, Export Financing, and Related Programs Act, 1989 (P.L. 100–461) (see p. 173, volume 1).

[1] Includes $358,000 appropriated under Title III, General Provisions, sec. 307A.

[2] Includes $2,000,000 appropriated under Title III, General Provisions, sec. 307D.

[3] Introduced and managed by the leadership of the House and the Senate.

[4] Referred to the Foreign Affairs Committee in the House.

[5] H.R. 5096, Emergency Supplemental Appropriations, 1988, was reported to the House of Representatives on July 26, 1988; however, no further action was taken on the bill.

[6] Added to the conference report of H.R. 5210, The Anti-Drug Abuse Act of 1988, P.L. 100–690, as Title X, Supplemental Appropriations, 1989.

NOTE.—The President's Budget for 1989, submitted February 18, 1989 (H. Doc. 100–152), tentatively estimated total new budget (obligational) authority for fiscal year 1989 at $1,233.2 billion net (see p. 6f–180). This consisted of $1,451.2 billion gross and $218 billion in intragovernmental transactions and so-called proprietary receipts handled as offsets for budget purposes only. An estimated $849.2 billion does not require action by Congress (see p. 6g–17). This amount includes permanent appropriations, such as interest on the public debt and various trust funds for which the obligational authority is already provided in the basic law. Virtually all of the remaining $384 billion (including $18.7 billion shown in the budget under the category "to be proposed separately", see p. 6f–181) is for consideration at this session of Congress in the appropriation bills.

[2] Reappropriation amount is estimated.

[3] The President's budget requested $643,196,000 as authority to borrow (permanent indefinite). The Congress provided a current indefinite appropriation in lieu of the permanent borrowing authority. The current request of $939,500,000 was based on a reestimate by the Congressional Budget Office.

[4] Export-Import Bank budget authority is calculated as equal to the level of direct loans. Offsetting receipts are no longer included in setting the new budget authority level.

[1] The President's budget requested $15,533,425,000 as authority to borrow under "Permanent Federal funds". The Congress provided a current appropriation in lieu of the permanent borrowing authority. The current request was based on the President's estimate of $9,828,286,000 (see p. I-E3, Budget Appendix for fiscal year 1989, H. Doc. 100-153).

[2] Loan authorizations, part of Soil Conservation Service, are made through ACIF and are included here for totalling.

[3] Includes $65,420,000 requested for AIDS. In addition, $1,234,580,000 for AIDS was requested for other agencies of the Department of Health and Human Services and considered in the Labor, Health and Human Services, and Education, and Related Agencies Appropriations Act, 1989 (P.L. 100-436) (see footnote 4, p. 2323, this volume).

VIIIb. COMPARISON OF BUDGET ESTIMATES, APPROPRIATIONS, AND RESCISSIONS, FISCAL YEAR 1989, ARRANGED BY DEPARTMENTS AND ESTABLISHMENTS, 100TH CONGRESS, 2D SESSION—Continued

[Note.—Concept of "estimates" and "appropriations" as used in this tabulation, beginning with the 90th Congress, 2d session, differs to some limited general extent from previous tabulations, and significantly differs in respect to inclusion of trust fund appropriation amounts *not* included in this tabulation *prior* to the 90th Congress, 2d session (see explanation, par. 7, "Compilers' Notes," p. III). Basically, the figures for permanent appropriations are taken from the February 1988 Budget and, since many are *indefinite*, are subject to revision as better data become available.]

[1] Section 401 of the Congressional Budget and Impoundment Control Act of 1974 (Public Law 93-344) requires that all borrowing and contracting authority (so called "backdoor authority") enacted after March 3, 1975, be subject to subsequent appropriation action with certain exceptions which are listed under Sec. 401(d) of the Act (see p. 1956 in the 1974-1975 volume for text of Sec. 401(d)). This amount represents budget authority which falls within those exceptions.

[2] The President's budget requested $15,533,425,000 as authority to borrow under "Permanent Federal funds". The Congress provided a current appropriation in lieu of the permanent borrowing authority. The current request was based on the President's estimate of $9,828,286,000 (see p. I-E3, Budget Appendix for fiscal year 1989. H. Doc. 100-153).

[3] Includes $50,300,000 provided in the Military Construction Appropriations Act, 1989 (P.L. 100-447) "for construction, rebuilding and improvement of shore facilities of the United States Coast Guard", an agency of the Department of Transportation (see p. 350, volume 1).

[4] Included under "Permanent appropriations, Federal funds".

[5] Excludes $643,196,000 requested under "Permanent appropriations, Federal funds". Reestimated by the Congressional Budget Office at a level of $939,500,000, this amount was considered as current appropriations in the Foreign Operations, Export Financing, and Related Programs Act, 1989 (P.L. 100-461) (see p. 173, volume 1).

[6] Reflects actual rescission, rather than comparison with request.

[7] Subject to revision as better data becomes available.

[1] Section 401 of the Congressional Budget and Impoundment Control Act of 1974 (Public Law 93-344) requires that all borrowing and contracting authority (so called "backdoor authority") enacted after March 3, 1975, be subject to subsequent appropriation action with certain exceptions which are listed under Sec. 401(d) of the Act (see p. 1956 in the 1974-1975 volume for text of Sec. 401(d)). This amount represents budget authority which falls within those exceptions.

[2] The President's budget requested $15,533,425,000 as authority to borrow under "Permanent Federal funds". The Congress provided a current appropriation in lieu of the permanent borrowing authority. The current request was based on the President's estimate of $9,828,286,000 (see p. I-E3, Budget Appendix for fiscal year 1989: H. Doc. 100-153).

[3] Includes $50,300,000 provided in the Military Construction Appropriations Act, 1989 (P.L. 100-447) "for construction, rebuilding and improvement of shore facilities of the United States Coast Guard", an agency of the Department of Transportation (see p. 350, volume I).

[4] Included under "Permanent appropriations, Federal funds".

[5] Excludes $643,196,000 requested under "Permanent appropriations, Federal funds". Reestimated by the Congressional Budget Office at a level of $939,500,000, this amount was considered as current appropriations in the Foreign Operations, Export Financing, and Related Programs Act, 1989 (P.L. 100-461) (see p. 170, volume I).

[6] Reflects actual rescission, rather than comparison with request.
